The Yolo Climate Commission: Emission Reduction Through Community-Driven Action

Wednesday, September 21, 2022 4:30 – 5:45 PM

Kristen Wraithwall
Sustainability Manager
Yolo County

Adelita Serena
Community Engagement Coordinator
Sierra Club

NJ Mvondo
Chair
Yolo County Climate Action Commission

Jim Provenza County Supervisor Yolo County, District 4

SESSION OVERVIEW

- Poll the Audience
- Introduction of Speakers
- Panelist Introductory Remarks (5 min per panelist; 15 min total)
 - Adelita Serena
 - NJ Mvondo
 - Supervisor Jim Provenza
- Q&A with Panelists (20 min)
- Breakout Groups (20 min)
- Report Back from Breakout Groups (7 *min*)
- Concluding Remarks

WELCOME AND POLL THE AUDIENCE

- Affiliation
- Geography
- Current Work and Priorities

SHORT ANSWER PROMPT: In 5 words or less, what are you hoping to get out of this session?

Adelita Serena

Community Engagement Coordinator, Sierra Club
Commissioner, Yolo County Climate Action Commission

Journey to Climate Emergency Resolution

- Community organizing began around the time that Standing Rock gained visibility.
- Youth Climate Strikes
- Rise for Climate Jobs & Justice San Francisco Sept. 8, 2018
 - Organized a busload of community members from Sacramento & Yolo County to attend the biggest Climate March - Marches took place all around the world.
- Movement to pressure decision makers to recognize the urgency and impact of climate change.
- Yolo Climate Emergency Coalition formed.

Yolo Climate Emergency Coalition

As a coalition we developed these guides for our collective work:

Vision: We share a vision of collective care for a socially just and sustainable Yolo County centering wisdom, equity and mutual prosperity

Mission: Our mission is to apply equity and justice principles to the transition from a fossil fuel driven economy to a regenerative economy in Yolo County.

Timeline

- March 10, 2020: Resolution presented.
 - Day before Covid shutdown and last in person Board of Supervisors meeting.
 - Met with each Supervisors to understand and receive guidance and thoughts.
- **Sept. 29, 2020:** Resolution passed 4-1.
- Dec. 2020: Advisory Body Recommendations Submitted.
- Jan. 2022: Yolo Climate Action Commission seats filled.
- March 2022: Sustainability Manager hired.

Resolution States:

- Declare climate change a crisis requiring an emergency mobilization
- Guided by a Just Transition to a carbon-negative, climate positive footprint by 2030
- Establish Yolo Climate Commission that includes historically marginalized communities
- Assess ecological impact of county's decisions (Climate Impact Statements - to be developed)

DEI in YCCAC Academic, Scientific, & Community Outreach Processes

Assets => value of lived experience

- Community organizing (emphasis on community): BLM (healing circles, Solidarity Space, Book Readings...),
 NAACP, National Alliance of Climate Resilience Planners (NACRP), Valley Alliance for Equitable Climate Action
 (VAECA), Community-Academic Partnerships to Advance Equity-focused Climate Action (CAPECA), UMOJA,
 HHSA Cultural Competence Committee...
- **Event organizing** featuring fellow environmental justice activists & cultural practitioners, land caretakers, scientists: Mandela Washington Fellows, Family workshops, films showing + discussions (The Gather, the Cost of Darkness...)
- Small Farms Network (including BIPOC-owned farms and CO-OPs) / CAFF
- **Political access** via commissions & network: Davis Human Relations Commission (Chair), school district consultant, InterFaith organizations (St Martin Episcopal Church, Catholic Dioceses, Care for Creation...)

Roles

- Environmental Justice Lead
- Chair

Motivations for Engaging in this Process

- Urgency: we can't afford to wait;
- Kids, families at-risk: lead poisoning, air quality...
- **Small farms at-risk**: water levels (wells), drought, EJ legislations causing costly transition, costly transition to electric equipments...
- For the local economy: when the above hurt, our local economy hurts.
- **Seizing the moment**: the time is now. *Everyone* has a part to play: every institution, every resident. *(leveraging networks)*

Key Takeaways About Equitable & Collaborative Climate Action Work

- Mindset is key: no "Us vs Them" approach, but fostering a spirit of collaboration instead;
- Community Engagement is essential for longevity & sustainability
 participatory budget, resources highlights...
- Dedicated Staff, County Sustainability Manager = game changer;
- Coordination across institutions, municipalities & education/research bodies;
- **Framework** creation for other communities & future generations during this process.

JIM PROVENZA

County SupervisorYolo County District 4

BREAKOUT GROUP ACTIVITY (20min)

ASSIGN ROLES (1 min)

- A facilitator (*if necessary*)
- A timekeeper
- A notetaker
- A person to report back to the full group

INTRODUCTIONS (2 min)

- We will begin the breakout groups by doing rapid-fire introductions.
- Each attendee will share their name and affiliation (in 10 seconds or less)

DISCUSSION QUESTIONS (15 min)

NOTE: You will not be able to walk through these questions with all group members - aim to repeat this process 3 times (5 min each)

- A volunteer should answer the following two questions (2min):
 - Exploring the Landscape: In your community/municipality, what are the primary priorities when it comes to climate action?
 - Exploring Needs: Are you satisfied with the state of local climate action? What do you feel is missing?
- Based on this individual's response, the group should work together to respond to the following question (3min):
 - Sharing Lessons Learned: What are solutions that could help address this gap? Think about additional resources, roles, or processes that might need to be identified.

WRAP-UP (2 min)

- Prepare final thoughts to share back out with the full group.
- Where are the areas of overlap in terms of shared priorities, resources, roles, processes, etc.?

DISCUSSION QUESTIONS (15min + 2min wrap-up)

NOTE: You will not be able to walk through these questions with all group members. **Aim to repeat this process 3 times (5 min each)**

A volunteer should answer the following two questions (in no more than 2 min):

- 1. *Exploring the Landscape*: In your community/municipality, what are the primary priorities when it comes to climate action?
- 2. Exploring Needs: Are you satisfied with the state of local climate action? What do you feel is missing?

Based on this individual's response, the group should work together to respond to the following question (in 3 min or less):

3. Sharing Lessons Learned: What are solutions that could help address this gap? Think about additional resources, roles, or processes that might need to be identified.

Thank You!
