

**California Street Light Association
Street Light and Traffic Signal/Energy Efficiency Conference #62
Complimentary Registration and Lunch
For Public Officials and Associate Members**

SAVE THE DATE

**Southern California
10:00 am – 2:30 pm
on Monday, June 5, 2017
City of San Diego
Environmental Services Department Auditorium
9601 Ridgehaven Court, San Diego, CA 92123**

This conference is presented at no cost to employees of California cities, counties, special districts and Associate Members, who are vendors and service providers to local government. The conference provides an excellent opportunity for networking and discussion of issues related to street lights and traffic signals. Attendance is limited and registration is on a first come, first served basis. The detailed agenda will be provided to registrants. The topics to be discussed include:

- Detailed updates on rate cases with Southern California Edison (SCE), San Diego Gas & Electric (SDG&E) and Pacific Gas & Electric (PG&E), potentially affecting LED retrofit rebates, time of use (TOU) and metering of street lights, plus rate and tariff information.
- Learn more about telecom, small cell and other attachment devices, including information about timelines and requirements in current and pending state and federal legislation.
- Presentations regarding street light infrastructure acquisition, maintenance and operations, and transitioning assets from the utilities to local governments.
- Learn the latest about sky glow and dark skies issues.
- Find out more about CALSLA's in-jurisdiction training opportunities and policy and legislative plans.

Please forward this announcement to the appropriate department in your agency or firm. Please make your reservation on or before Friday, June 2, 2018 by calling or emailing Sharon DeMartini, County of Marin Public Works Department at (415) 473-6523 or sdemartini@marincounty.org.

If you have questions, please call Jean Bonander, CALSLA Executive Director at 415-508-7527 or email at jean@calsla.org
